

Feeling Good, Looking Great!

Choice Care by Dr. Marcy Zwelling offers much more than care for the sick and the injured. Marcy strives to keep her patients feeling good and looking great! As a member of Choice Care you pay a fixed annual fee for private medical services, so there's no need to wait until healthcare questions and concerns become major medical issues. You always have access to your own trusted personal physician.

The Doctor is Your Patient Advocate

The primary care provided by Dr. Zwelling is covered by your annual fee. You must retain your healthcare insurance to cover the costs of specialists, hospitalization and other services not provided by Choice Care. But when you do need additional care, Dr. Zwelling acts as your professional healthcare advocate to help you navigate the complex healthcare system.

Getting appointments with the best medical specialists, minimizing your hospital stays, orchestration of complex care, getting you the medications you really need, advice on cutting your total healthcare costs—whatever your health related needs Dr. Zwelling is prepared to assist.

The Choice Care/HSA Advantage

Patients are discovering the advantage of combining concierge care with a Health Savings Account. Choice Care covers your primary care for a fixed annual fee, and if easy access to superior medical care helps to keep you healthy, your HSA account will grow! Ask us for more information.

How to Join

Joining the Choice Care family of patients starts with a free private interview with Dr. Zwelling. You are cordially invited to call, visit the office or send email to request information or book a meeting with Dr. Zwelling. We're always here for you!

Your Trusted Personal Physician

Concierge Medicine

Private medical services are the answer for a select number of patients seeking a higher level of access and attention to their family's healthcare needs.

The quality of healthcare suffers in a system that transforms patients into numbers and the doctor's office into a production line where HMOs and Medicare make all the rules.

Choice Care offers a new alternative for a limited number of patients who wish to obtain a higher standard of access to superior medical care.

When Dr. Marcy Zwelling adopted the concierge model for her medical practice she was able to reduce the size of her practice from several thousand patients to a few hundred. The change has enabled Marcy to establish close personal relationships with every one of her Choice Care patients.

Fewer patients assures a new level of access to quality care. No more waiting for appointments, no crowded waiting rooms, and no more 10 minute appointments with a doctor who needs to look at your chart to remember your name.

Dr. Zwelling's patients have her private cell phone number. Office visits last as long as it takes to address your needs. And Marcy becomes your personal physician, a trusted patient advocate fully prepared to help you navigate the complex healthcare system. Hospital care is closely monitored, and specialists are thoroughly briefed and debriefed by Dr. Zwelling. The Choice Care concierge medicine program allows Marcy to offer the highest levels of quality care and private medical services, and her patients couldn't be more pleased with the results!

"When I care for your health it's all about giving you a better day"

-Marcy Zwelling-Aamot, M.D.

Fee-based Private Medical Services

 Are you frustrated with the broken system of healthcare in America? Choice Care members pay a modest annual fee for exclusive access to a personal primary care physician who provides services to a limited number of patients.

Choice Care offers Quality & Access

 Dr. Marcy Zwelling-Aamot adopted the "concierge medicine" style of practice two years ago when she made the decision to speak out against the broken health system.

Concierge physicians charge a fixed annual fee for primary-care medical services. The fee is not covered by your insurance or Medicare, which means a concierge physician is free to offer a higher level of attention to your family's medical needs.

When you sign up for Choice Care Dr. Zwelling becomes your personal physician, a trusted patient advocate fully prepared to help you navigate the complex healthcare system.

The Choice Care Fee Schedule

Individual	Family	Corporate
\$1800 annual	\$3500/yr 2 members	\$1375/person 5-10 members
